

BE A CURRENT OF CHANGE
FOR THE JAMES RIVER.

FUTURE LEADERS OF OUR WATERS

fellowship program

Join us for a transformative, year-long leadership journey tailored for high school students passionate about safeguarding the James River and inspiring change in their communities.

Who is this program for?

High school students (Rising Grades 10–12) who are curious about:

- Environmental science
- Community change and civic engagement
- Leadership and teamwork
- Protecting the James River and their local watershed

No prior experience required – just curiosity, commitment, and a willingness to learn.

Program Commitment

This is a selective, cohort-based program. Students must commit to the full year.

- Weeklong Summer Leadership Institute
- One full day per month (8 hours), September–April
- Work in teams to design a real-world capstone project
- Optional free multi-day river paddle experience

Applications open March 1 and close on April 30 at 5pm. No late applications will be accepted.
