

Facilitating STEM for All Learners Online Course

Who: Anyone who facilitates learning in informal or formal settings. Including, but not limited to agriculture and natural resources, language arts, and other disciplines.

Why: Learn to address the needs of learners from a variety of backgrounds, earn Continuing Education hours/units, and help us improve the course. Earn \$250 for completion in 2025 and 2026.

When: 6-week cohorts enrolling regularly for self-paced but facilitated options. Suggested time commitment 1-2 hours per week for 10 hours total. Free, non-facilitated discovery courses start anytime.
