

KidWind[®]

VIRTUAL WORKSHOPS

These hands-on, virtual workshops provide basic content knowledge and introduce a wide variety of standards-aligned activities to use in your classrooms. Each attendee will receive a box of materials by mail to build synchronously alongside our facilitator!

Join us from **11AM-2PM Eastern** on the following **Saturdays!**

*Each workshop **costs \$225** and includes **\$200 in materials!***

Note: Registration closes 2 weeks before the event date.

Power Grid

September 26, 2026

Wind Energy

October 17, 2026

Solar Energy

November 21, 2026

Offshore Wind

December 5, 2026

Are you a 6-12th grade STEM teacher?

Use the code **CREATE101** at checkout to bring the workshop cost from \$225 to just \$25. That's \$200 off!
