Reasons to Choose UMD's Master of EE Program!

Centered on Education, Surrounded by Nature

Located in a top outdoor town, step out of the classroom and be inspired by nearby nature and learn from the wealth of outdoor and environmental organizations and networks in our community.

We offer a wide variety of experiential learning opportunities, in conjunction with project-based coursework, for a well-rounded graduate school experience that integrates practice, theory, and research.

Experiential Learning

Meaningful Opportunities to Contribute

Sustainability is at our core, so you will have the ability to contribute on and off campus as you learn in our active, environmentally-focused regional community.

We are committed to place-conscious education, as we learn with and from Indigenous perspectives. We acknowledge past and present as we shape the future.

Place-Based

Our world needs you!

Join us in contributing to our community, furthering our field, and making a positive impact on future generations.

Master of Environmental Education

Delivery: Face-to-Face (in person)
Semesters: 3-4 Academic Semesters

Earn your Master's Degree in one of America's best outdoor towns. The Master of Environmental Education program provides you with the skills and experiences to contribute to a more sustainable future through environmental and outdoor, education. Our degree sub-plans offer flexibility to pursue research, culminating fieldwork, or a coursework-only option.
