

PAID PROFESSIONAL DEVELOPMENT

CALLING ALL CLIMATE EDUCATORS!

Educators Empowering Youth Climate Action (E-EYCA) is a virtual, climate-focused professional development experience for **classroom teachers (grades 6–12)**. This year-long program will span the upcoming **2026–27** school year.

Join us in addressing climate challenges by **centering youth agency and action**, leveraging quality digital platforms for student learning, and utilizing Action-Oriented Pedagogies in your classroom.

PROGRAM BENEFITS

- Earn a **\$3,200 stipend** upon completion of the program.
- Engage with **innovative pedagogies and resources** while conducting **participatory research** alongside peers and expert educators from ASU.
- Facilitate the growth of **two students** of your choosing, who will participate in select research activities.
